

NORTH AMERICAN INSPECTORS CHAMPIONSHIP AUGUST 2 - AUGUST 8, 2010

VISIT WWW.CVSA.ORG FOR EVENT DETAILS

EDUCATION

Providing inspectors with the latest safety information, NAIC helps them become better inspectors. Training sessions throughout the week provide inspectors the opportunity to learn the latest roadside inspection information. It is a unique experience to be involved in training sessions with the best inspectors in North America. Sessions and discussions give participants a chance to share and compare a wealth of knowledge and field experience. NAIC strives to provide the most up-to-date and relevant training information to the inspector with the sole intent of enhancing their knowledge base for roadside inspections.

Training initiatives cover a variety of commercial vehicle enforcement activities, including hours of service, cargo securement, out-of-service criteria, interview techniques, cargo tanks and general hazardous materials inspections. This information helps inspectors enforce commercial vehicle safety standards and regulations more effectively.

PERFORMANCE

Inspectors from each jurisdiction demonstrate their knowledge of the North American Standard Inspection Program. Performance information gleaned sets the NAIC training curriculum for future years. Participants are able to evaluate their own strengths and weaknesses in the North American Standard Inspection Program.

UNIFORMITY

NAIC fosters uniformity of commercial motor vehicle inspections by providing inspectors an opportunity to share best practices and successful initiatives with other jurisdictions. Inspectors share the knowledge they gain with their respective jurisdictions. This reinforces uniformity, compatibility, and reciprocity of inspections throughout North America.

PARTNERSHIPS

Inspectors and professional truck drivers build relationships and affiliations by communicating ideas on promoting highway safety. NAIC takes place at the same time and location as the American Trucking Associations' National Truck Driving Championship, where the safest commercial vehicle drivers and companies compete for the title of Grand Champion.

NAIC participants and industry safety professionals have the opportunity to discuss and learn the benefits and obstacles of promoting highway safety throughout North America. They discuss the realities facing the transportation industry on a daily basis. NAIC is a unique enforcement and industry partnership.

AUGUST 2 - 8, 2010 COLUMBUS, OHIO

VISIT WWW.CVSA.ORG FOR EVENT DETAILS!

"For the commercial vehicle inspector, NAIC is the one opportunity to test their skills and demonstrate their knowledge. It allows us to not only shine the spotlight on these men and women whom each day, from each jurisdiction across North America, strive to proactively ensure all commercial vehicles are fit for travel on our nation's highways, but it also pushes all of us to raise the bar to improve and promote commercial vehicle safety for the motoring public."

— Francis 'Buzzy' France, CVSA President 2010

"Participating in NAIC provided me with a greater understanding of the partnerships and community that is CVSA. I left with a renewed appreciation for the organization and what it means to road safety. The chance to spend a week learning from and training with my fellow commercial vehicle inspectors from across North America, many of whom are now my friends, is second to none."

— Alex Bugeya, NAIC 2009 Grand Champion (Ontario)

"Each year NAIC engages and empowers participants to make the motor carrier industry as safe as possible by recognizing the outstanding representatives from each jurisdiction as champions in the field of commercial vehicle inspections, rewarding their achievements, and presenting them with new challenges."

— R. C. Powell, CVSA NAIC 2010 Chair

NORTH AMERICAN INSPECTORS CHAMPIONSHIP

RECOGNIZING THE BEST

UNDERSCORING THE IMPORTANCE OF COMMERCIAL VEHICLE SAFETY INSPECTIONS

"The achievements of an organization are the results of the combined effort of each individual."

- Vincent Lombardi

Roadside inspectors are highly-trained professionals who every day save lives by keeping unsafe commercial vehicles and drivers off the roads. The work of a commercial vehicle inspector is not easy but it is one of the most vital in public safety. Each year, the Commercial Vehicle Safety Alliance (CVSA) recognizes the best of the best by inviting member jurisdictions throughout North America to participate in the North American Inspectors Championship (NAIC).

NAIC 2010, sponsored by the Federal Motor Carrier Safety Administration and CVSA, is held annually in conjunction with the American Trucking Associations' National Truck Driving Championship. NAIC is the only international event dedicated to recognizing and rewarding commercial vehicle inspector excellence.

ALTHOUGH PARTICIPATING INSPECTORS COMPETE FOR HONORS IN SEVERAL CATEGORIES, EACH INSPECTOR LEAVES NAIC AS A WINNER.

The event gives each inspector an opportunity to receive training on the latest safety information, technology, standards and inspection procedures while sharing ideas, techniques, and experiences with other inspectors.

NAIC CONTESTANTS ARE EVALUATED IN THE FOLLOWING SEVEN CATEGORIES:

1. North American Standard Level I Inspection
2. North American Standard Level I Inspection Procedures
3. North American Standard HAZMAT/Transportation of Dangerous Goods Inspection
4. North American Standard Cargo Tank/Other Bulk Packagings Inspection
5. North American Standard Level V Passenger Vehicle Inspection
6. Personal Interview
7. North American Standard Out-of-Service Criteria Exam

All of the inspection categories are timed events and the compilation of scores for these categories result in a Grand Champion. In addition to a Grand Champion, awards are given for first, second, and third place for selected inspection events.

AGENDA HIGHLIGHTS

MONDAY, AUGUST 2

- Travel Day
- Welcome Reception

TUESDAY, AUGUST 3

- General Session (Group and Team Photos)
- Personal and Video Interviews
- Contestant Training
