

COHMED Conference

January 23-27, 2023

San Antonio, Texas

2023 COHMED EXHIBITOR INFORMATION

Presented by the Cooperative Hazardous Materials Enforcement Development (COHMED) Program, the COHMED Conference is a focused, one-of-a-kind event for individuals and organizations involved in the regulation, enforcement and safety of transporting hazardous materials and dangerous goods.

The COHMED Conference provides a unique opportunity for the hazmat community to present concerns and perspectives about enforcement of regulations. The information sharing and problem solving that takes place at the conference, coupled with hands-on training and in-depth education, is critical to building cooperation among stakeholders. The COHMED Conference is an unparalleled opportunity to network, build better working relationships, learn the latest trends and techniques, and provide input into future changes and regulations.

Conference attendees include representatives from federal and state agencies, hazardous materials specialists, enforcement personnel, emergency planning managers and responders, academic institutions, interest groups and private industry from all across North America.

If you are involved in hazmat regulation, transportation, enforcement or safety, the COHMED Conference is one event you cannot afford to miss.
